

## AZILDA GREENHOUSES

300 Carriere Street, Box 1372, Azilda Ontario P0M 1B0

(705) 983 - 5252

### 1 Million Acts of Green

#### Apple Maggots

– the larvae ruin fruit by tunneling in the flesh

#### Control:

- ▶ Prevent build up of pupae around trees by collecting and destroying dropped fruit weekly
- ▶ Trap adult flies on Red Spheres with a sticky coating  
4 to 8 traps per mature - tree traps are hung at eye level 2 to 3 feet from branch tips near fruit but not hidden – the flies need to see them  
Clean traps every few days
- ▶ Plant **clover** as a ground cover to attract beetles that prey on pupae
