Green for Life!

Instant Beauty From

BOTANIX **AZILDA GREENHOUSES**

Envision your own Eden

DESIGN

Our staff can help you vision your personal garden paradise or a professional image that is appealing and speaks about your business. Our PRO LANDSCAPE Design Software allows you to see the transformation as you choose layout, and plant materials.

PLAN

At the greenhouse you can participate in a quick "preview" of materials to ensure your complete satisfaction with the items chosen for your design. When you have contracted with our garden centre for the installation of the landscape our team will take care of all the preparation details.

BUILD

At the time to do the work on your property the Landscape Crew will arrive on site with all the products, equipment and manpower needed. Every day we will show you the progress on the project. Our pledge is to leave you a job well done, a property transformed and a satisfied customer.

Instant Beauty is by design.

YOUR DESIGN TEAM

Botanix Azilda Greenhouses

Over 70 years combined staff experience in horticulture! Qualified Horticultural Technicians and Designers on site. We are a Landscape Ontario Member Garden Centre. Our landscape installation experience includes plantings for residential homes, businesses and public institutions.

You (The Home or Business Owner)

You will have dreams and opinions about what you like. Being very clear about these will be helpful as the design is crafted and will ensure the finished product will be one you truly like!

You can prepare for a design appointment by:

- Bringing pictures and measurements of the area
- Visiting the Botanix web site and reviewing the Landscape Planning Guide.

PLANT EXPERTISE

Botanix Azilda Greenhouses has been in operation for 19 years. Our key staff have either Agricultural Degrees or Horticultural Diplomas and we love to share our knowledge with you. If you have specific problems, or need an educated opinion, don't hesitate to ask any of our staff ... advice is always free!

TREES & SHRUBS

Selection...Selection...Selection!

We maintain a large tree nursery so you can see the product you want. With over 270 varieties of trees, shrubs, roses, vines & climbers, you can vision and plan your yard. If a particular item is not in stock we will be happy to try and source it for you.

PERENNIAL FLOWERS

With over 475 varieties of perennials in stock, we can fill your garden with blooms and colour. Our plants are selected to thrive and survive in Northern climates, but for the expert, we have exotic plants to finish any project. We continually add to our stock throughout the season.

LAWN INSTALLATIONS

Our Landscape Crew are experts in new lawn seeding, sodding and renovations to older lawns. We carry high quality lawn seed, ECO grass and clover. Ask us for advice on your next lawn project or renovation.

DISEASE AND WEED CONTROL

Let us help you with an educated approach to applying conventional and organic treatments. We carry a complete line of products that we trust and will advise you to apply them.

CUSTOM DESIGN PLANTERS

To add beautiful look to any deck or patio, we have over 400 varieties of annual flowers and tropicals, which are arranged in planters and hanging baskets. These creations are continually refreshed throughout the year. If you want to create your own displays, we have a large selection of baskets, pots, hangers and soils to suit your every need.

WALKWAYS, PATHS & WALLS

Let the design crew assist in your planning and material selection. This is a great addition to any landscaping project.

MAINTENANCE

Gardens and landscapes require upkeep. We have products and information so you can do-it-yourself or we can provide a quote for continuing services.
